

NORTH OF ED MONTON CROPS ARE THE BEST IN TEN YEARS

Perfect Growing Conditions Assure a Yield Per Acre Even Greater Than the Best Harvest of Last Year

NO DROUGHT IN THIS DISTRICT; AN ABUNDANCE OF MOISTURE

Uniformly Promising Crops Around Morinville, Riviere Qui Barre, Ray, Villeneuve and St. Albert Districts

Magnificent fields of oats, strong and healthy, which are the heart of the Farmers of this Country. In the Ray District a considerable portion of the crop is in full wheat—average yield of 60 bushels per acre. In the Riviere Qui Barre District the yield will be between 60 and 70 bushels per acre.

Throughout the country north of Edmonton, this year's grain crop promises to be not only good but one of the best on record. The yield last year in this district was unusually good but there are even indications that 1910 will see even more bountiful harvests than the year before. There has been no drought. Conditions are in fact so favorable as they well could be.

Because of the character of the soil which retains dampness more readily than common ground, the late arrival of the spring rains has not hurt the corn. Growth was, of course, more tardy at first than in the districts to the west, but since the largeness of the June rains, a most favorable start has been made. The crops are in fact in a most promising condition. The yield of the crops is in fact in a most promising condition. The yield of the crops is in fact in a most promising condition.

Barley Crops Expected. Oats, of course, are much more extensive in the country north of Edmonton than in the districts to the west. The yield of the crops is in fact in a most promising condition. The yield of the crops is in fact in a most promising condition. The yield of the crops is in fact in a most promising condition.

Wheat Crops in Ten Years. "I think we will have the best crop in ten years. I have heard that the yield of the crops is in fact in a most promising condition. The yield of the crops is in fact in a most promising condition. The yield of the crops is in fact in a most promising condition."

ALARMING DEFECT IN U.S. WARSHIPS

Worthless Armor Plate Put In Two New Dreadnoughts, the Largest Now in Existence

Washington, D.C., July 7.—About fifty tons of armor plate, as defective as to be worthless, was fitted to the two American dreadnoughts, the North Dakota and the Utah. News of this startling discovery became public last night as the result of a protracted conference held at the navy department.

THE C.P.R. TRAINMEN'S DISPUTE IS SETTLED

THE GERMAN COLONIES AND THEIR FINDER

An Intensely Interesting History of the Establishment of the German Colonies in Western Canada. Written for the Bulletin by H. H. ROSE, of Strathcona.

A quiet, unobtrusive, unadorned, and unassuming man with a high forehead, a broad nose, and a gentle smile, he is the man who has been the benefactor of many of the German colonies in the west. His name is H. H. Rose, and he is a writer of a friend who was teaching in the German colony.

That is a much more interesting and important man than his unassuming exterior would seem to indicate. He is an old soldier who has traveled to nearly every corner of the world and who has been very remarkable work as a missionary and a colonizer. He is the German colony of central Alberta, and he is the founder of the German colonies in Western Canada.

His Birth and Education

His birth and education are of much interest to the German colonies in the west. He was born in the year 1856 in the city of Hildesheim in northern Germany, and he received his education in the city of Hildesheim, where he was a member of the German colony. He was a member of the German colony in the city of Hildesheim, and he was a member of the German colony in the city of Hildesheim.

The German Colony

The German colony in the city of Hildesheim is a very interesting and important colony. It was founded by H. H. Rose, and it is a colony of the German colonies in the west. It is a colony of the German colonies in the west, and it is a colony of the German colonies in the west.
